#### INSTALLATION

Drain should be installed first.

Cuts in countertop are up to the discretion of the installer.

Clips or other installation method must be provided by the fabricator/installer.

Use 100% silicone adhesive to adhere sink to countertop. Clean any excess silicone from sink surface.

#### CARE

Mild soap and water for everyday cleaning. Avoid using harsh chemicals or abrasives, as well as anything acidic, such as vinegar or citrus, which will etch marble. A stone sealer should be applied once or twice a year to maintain the marble. Sealing repels staining agents, but doesn't make marble stainproof.

#### WARRANTY

Linkasink warranties our product to be free from manufacturing defect for the life of the product. Warranty does not cover improper care, neglect or abuse.

#### DIMENSIONS WILL VARY

**DO NOT** use this sheet as a guide for countertop cuts. Due to the handmade nature of each product, templates are not provided.
